PROJECT MANAGER

The Energy Security Project (ESP) is a five-year project funded by the United States Agency for International Development (USAID)[1] and the largest USAID project in Ukraine so far. The ESP is implemented by a USAID Contractor, Tetra Tech ES, Inc., a California-based leading provider of services in the areas of water, environment, infrastructure, resource management, energy, and international development.[2]

The ESP mission is to enhance Ukraine's energy security, improve the energy legal and regulatory environment in the country, and increase the resilience of Ukraine's energy supply. This will help to support country's economic development and sustain its democracy. ESP is working closely with the Government of Ukraine (GOU) to develop competitive energy markets. By doing so, ESP will facilitate private sector-led energy investments to provide affordable, reliable, resilient, and secure energy for all Ukrainians.

POSITION SUMMARY:

Tetra Tech ES, Inc., implementing the USAID Energy Security Project is looking to fill in the position of Project Manager to support Finance and Economics Team with the coordination of development of organized commodity markets and clearing. This is a short-term consultancy position, based in Kyiv, Ukraine.
